

Global Assistance Services

Safeguarding students' health and wellbeing while they study abroad!

Today's university students live in a global world. It's not unusual for American students to travel and study abroad, as well as international students to come to the US and study at our excellent institutions of higher learning. That's why UnitedHealthcare **StudentResources** makes available the services of UnitedHealthcare Global. Adding these services to your UHCSR Student Injury and Sickness Insurance Plan gives you peace of mind your students can access emergency assistance when they need it, where they need it.

UnitedHealthcare Global offers a comprehensive program providing 24/7 medical and travel assistance to participants, just by calling to their Emergency Response Center (either with their toll-free number or by calling collect). A multilingual case manager will take the call and immediately begin providing assistance. Participants can even call the Emergency Response Center before travelling to get a pre-trip destination report covering subjects like health and security risks, immunization and vaccination recommendations, crime, culture, weather, and so much more.

You can learn more about UnitedHealthcare Global at www.uhcsr.com/UHCGlobal.
