We do not disclose any nonpublic personal information about our customers or former customers to anyone, except as permitted or required by law. We believe we maintain appropriate physical, electronic and procedural safeguards to ensure the security of your nonpublic personal information. ## Eligibility

---

All enrolled full-time students, part-time students and all international students are automatically enrolled in this insurance Plan at registration, unless proof of comparable coverage is furnished.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's spouse, regardless of gender, partner in a recognized, legal marriage entered into another jurisdiction that is not expressly prohibited or deemed illegal in the District and dependent children by blood or law under 26 years of age.

Dependent Eligibility expires concurrently with that of the Insured student.

## Effective and Termination Dates

---

The Master Policy on file at the school becomes effective at 12:01 a.m., August 11, 2014. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 10, 2015. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

## Extension of Benefits after Termination

---

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

## **Pre-Admission Notification**

---

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

## UnitedHealthcare Pharmacy Benefits

Benefits are available for outpatient Prescription Drugs on our Prescription Drug List (PDL) when dispensed by a UnitedHealthcare Pharmacy. Benefits are subject to supply limits and Copayments that vary depending on which tier of the PDL the outpatient drug is listed. There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access [www.firststudent.com](http://www.firststudent.com) or call 1-855-828-7716 for the most up-to-date tier status.

\$15 Copay per prescription order or refill for a Tier 1 Prescription Drug up to a 31 day supply

\$35 Copay per prescription order or refill for a Tier 2 Prescription Drug up to a 31 day supply

\$60 Copay per prescription order or refill for a Tier 3 Prescription Drug up to a 31 day supply

Mail order Prescription Drugs are available at 2.5 times the retail Copay up to a 90 day supply.

**Specialty Prescription Drugs** – if you require Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drugs. If you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

**Designated Pharmacies** – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drugs. If you choose not to obtain these Prescription Drugs from a Designated Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

Please present your ID card to the network pharmacy when the prescription is filled. If you do not use a network pharmacy, you will be responsible for paying the full cost for the prescription.

If you do not present the card, you will need to pay for the prescription and then submit a reimbursement form for prescriptions filled at a network pharmacy along with the paid receipt in order to be reimbursed. To obtain reimbursement forms, or for information about mail-order prescriptions or network pharmacies, please visit [www.firststudent.com](http://www.firststudent.com) and log in to your online account or call 1-855-828-7716.

6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. Compounded drugs that are available as a similar commercially available Prescription Drug Product. (Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier-3.)
7. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless the Company has designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.

10. A Prescription Drug Product that contains (an) active ingredient(s) which is (are) a modified version of and Therapeutically Equivalent to another covered Prescription Drug Product.

**Definitions:**

**Brand-name** means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

**Chemically Equivalent** means when Prescription Drug Products contain the same active ingredient.

**Designated Pharmacy** means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

**Experimental or Investigational Services** means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- 1) Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- 2) Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.
- 3) The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- 1) Clinical trials for which benefits are specifically provided for in the policy.
- 2) If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Unproven Services** means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

- 1) Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- 2) Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

**Network Pharmacy** means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

**Prescription Drug or Prescription Drug Product** means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

**New Prescription Drug Product** means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

**Prescription Drug Cost** means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug List** means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at [www.firststudent.com](http://www.firststudent.com) or call Customer Service at 1-855-828-7716.

**Prescription Drug List Management Committee** means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

**Specialty Prescription Drug Product** means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at [www.firststudent.com](http://www.firststudent.com) or call Customer Service at 1-855-828-7716.

**Therapeutically Equivalent** means when Prescription Drugs can be expected to produce essentially the same therapeutic outcome and toxicity.

**Usual and Customary Fee** means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

## Definitions

---

**ADOPTED CHILD** means the adopted child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

**COPAY/COPAYMENT** means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

**COVERED MEDICAL EXPENSES** means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

**CUSTODIAL CARE** means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**DEDUCTIBLE** means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

**DEPENDENT** means the legal spouse (regardless of gender), the Named Insured's partner in a recognized, legal marriage entered into in another jurisdiction that is not expressly prohibited or deemed illegal in the District of Columbia of the Named

Insured and their dependent children by blood or by law. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

- 1) Incapable of self-sustaining employment by reason of mental retardation or physical handicap.
- 2) Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

**ELECTIVE SURGERY OR ELECTIVE TREATMENT** means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

**EMERGENCY SERVICES** means, with respect to a Medical Emergency:

1. A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and

Habilitative services do not include services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

**HOSPITAL** means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home. Hospital also means a licensed alcohol and drug abuse rehabilitation facility and a mental hospital. Alcohol rehabilitation facilities and mental hospitals are not required to provide organized facilities for major surgery on the premises or on a prearranged basis.

2. unrelated to any pathological, functional, or structural disorder.

4. treated by a Physician within 30 days after the date of accident.

5. sustained while the Insured Person is covered under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

**INPATIENT** means an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility by reason of an Injury or Sickness for which benefits are payable under this policy.

**INTENSIVE CARE** means: 1) a specifically designated facility of the Hospital that provides the highest level of medical care; and 2) which is restricted to those patients who are critically ill or injured. Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. Intensive care does not mean any of these step-down units:

3. Serious impairment of bodily functions.
4. Serious dysfunction of any body organ or part.
5. In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

**MEDICAL NECESSITY/MEDICALLY NECESSARY** means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

1. Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.
2. Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury.
3. In accordance with the standards of good medical practice.
4. Not primarily for the convenience of the Insured, or the Insured's Physician.
5. The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

1. The Insured requires acute care as a bed patient.
2. The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

The fact that a Physician may prescribe, authorize or direct a service does not of itself make it Medically Necessary or covered by this policy.

**MENTAL ILLNESS** means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current Diagnostic and Statistical Manual of the American Psychiatric Association or International Classification of Diseases. The fact that a disorder is listed in the Diagnostic and Statistical Manual of the American Psychiatric Association or International Classification of Diseases does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

**NAMED INSURED** means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

**NEWBORN INFANT** means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's birth: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's birth.

**OUT-OF-POCKET MAXIMUM** means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year. Refer to the Schedule of Benefits for details on how the Out-of-Pocket Maximum applies.

## Pediatric Dental Services Benefits

---

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19-Benefits terminate on the earlier of: 1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

### Section 1: Accessing Pediatric Dental Services

#### Network and Non-Network Benefits

**Network Benefits** apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

**Non-Network Benefits** apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

### **Covered Dental Services**

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

### **Pre-Treatment Estimate**

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

### **Pre-Authorization**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

## **Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

### **Dental Services Deductible**

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

**Dental Services Deductible** - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network benefits in that Policy Year.

**Eligible Dental Expenses** - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

**Experimental, Investigational, or Unproven Service** - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or

- Safe with promising efficacy
- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

### **Non-Network Benefits**

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.
