

Haverford College

Waiver Requirements for Student Health Insurance Plan 2022-2023

Haverford College requires that all full-time Undergraduate students carry personal health insurance to protect you from having to interrupt your academic progress due to unexpected medical bills.

If you elect to waive enrollment in the Student Health Insurance Plan for yourself (if permitted) we require that the alternative health coverage meets the following minimum criteria.

If your plan does not meet these minimum requirements, your waiver will be denied, and you will be enrolled and charged for the school sponsored plan. To view more information about the Haverford College Student Health Insurance Plan please go to www.firststudent.com.
