

GLOBAL EMERGENCY SERVICES

You now have access to a unique global emergency assistance program provided by Global Travel Plus (GTP). This program immediately connects you to doctors, hospitals, pharmacies and other services if you experience a medical or non-medical emergency while traveling or studying in a foreign country.

One simple phone call to GTP will connect you to:

- A state-of-the-art 24/7 Operations Center
- Experienced, multilingual crisis management professionals
- Worldwide emergency response capabilities
- Air and ground ambulance service providers

GLOBAL TRAVEL PLUS

Medical Referrals

You have 24/7 access to multilingual personnel who can immediately evaluate and troubleshoot for any emergency situation anywhere in the world and direct you to Western-trained physicians.

Emergency Medical Evacuation

If you become ill or experience an injury in an area where appropriate care is unavailable, Global Travel Plus steps in, using whatever equipment and personnel are necessary to transport you to the care you need. Global Travel Plus pays for the full cost of any evacuation, including medical treatment while in transport.

Medical Monitoring

Global Travel Plus remains a connected, caring and medically savvy partner through the duration of every case. Our medical staff maintains regular communication with you, your family and your medical team, monitoring the quality and course of your treatment and relaying important information as needed.

Prescription Assistance

Global Travel Plus works with your prescribing physician and a pharmacy near you to replace your important medications. If necessary, we will arrange for you to see a local doctor for a new prescription.

Medical Repatriation

When deemed medically necessary, Global Travel Plus will provide transportation home or to a rehabilitation facility with a medical or non-medical escort as required.

Return of Mortal Remains

In the unfortunate event that a student passes away while traveling, Global Travel Plus will arrange and pay for the necessary paperwork, body preparations and transport to bring the remains home.

Foreign Hospital Admission Assistance

Healthcare in other countries can be complicated. A majority of countries in the world maintain a non-obligatory response towards healthcare. That means that medical treatment, even in the event of an emergency, is provided based on a patient's ability to pay for it. As an international traveler experiencing a medical emergency, Global Travel Plus will facilitate your admittance to a foreign hospital by validating your medical insurance.

Care of Minor Children

Global Travel Plus is there to help if you become sick or injured while traveling with your minor children. We'll arrange for a one-way economy common carrier transportation back to your place of residence.

Transportation to Join Patient

We understand how important it can be for a patient to have a family member or friend present during a crisis. That's why we arrange and pay the transportation costs for a loved one to join you if you're expected to be hospitalized for more than three days.

Lost Luggage Assistance

Your lost luggage is a nuisance and can cause you to rearrange itineraries and restrict your travel plans. Global Travel Plus works with airlines to recover and deliver lost bags.

Travel Information

To help you travel smart, we offer comprehensive trip information on our website and Mobile App. You'll be able to review country profiles, visa requirements, immunization regulations, security advisories and more right here.

Please cut and fold card. Carry with you at all times.

ELIGIBILITY

Domestic students:

Domestic students and their insured spouse or domestic partner and minor child(ren) are eligible for services when they are traveling more than 100 miles away from their permanent residence, U.S. campus address or while participating in a study abroad.

International students:

International students and their insured spouse or domestic partner and minor child(ren) are eligible to receive services worldwide, except when they are in their home country.

CONDITIONS

GTP will not provide services in the following instances:

- Travel undertaken specifically for securing medical treatment
- Injuries resulting from participation in acts of war or insurrection
- Injuries resulting from attempted suicide
- Injuries resulting from the use of drugs unless prescribed by a doctor
- Commission of unlawful act(s)
- Transfer of a student from one medical facility to another medical facility of similar capabilities and providing a similar level of care

GTP will not evacuate or repatriate a student:

- Without medical authorization
- With mild lesions, simple injuries such as sprains, simple fractures, or mild sickness which can be treated by local doctors and do not prevent the student from continuing his/her trip or returning home
- With a pregnancy beyond the end of the 28th week
- With mental or nervous disorders, unless hospitalized

While assistance services are available worldwide, transportation response time is directly related to the location/jurisdiction where an event occurs. GTP is not responsible for failing to provide services or for delays in the delivery of services caused by strikes or conditions beyond its control, including by way of example and not by limitation, weather conditions, availability of airports, flight conditions, availability of hyperbaric chambers, communications systems, or where rendering of service is limited or prohibited by local law or edict.

All consulting physicians and attorneys are independent contractors and not under the control or responsibility of GTP.
